

Greetings!

Can you believe that summer is here?! While the summer months are a great time to recharge with some vitamin D, we want to make sure that your child(ren) retain the progress that they have worked so hard for this school year. Below we have listed some great summer options available. These are some easy ways to support your child in literacy over the summer, so that they can start off on the right foot next year! Activities vary depending on grade level.

- Summer skills review books are available for purchase at <https://www.summerskills.com/products/>. Each book costs \$18 and are available for reading and math.
- Grand Rapids Academic Summer Program (GRASP) is a summer reading and math program. You can register online at <https://grps.org/departments/academics/grasp>. The cost is \$38 for one subject and \$68 for both.
- We have tutors available during the summer months. Here is a list of available teachers:
 - Kathryn Francis-Bohr: kfrancis-bohr@olcschoolrockford.org
 - Emily Krajewski: ekrajewski@olcschoolrockford.org
- KDL offers a great summer reading program. Visit their website: <https://kdl.org/summer/>
- Rockford community has some options for summer programming as well. Visit their website to see what they have to offer! <https://www.rockfordschools.org/community-services/classes-activities/>

Have a great summer and we will see you in the fall!
